

Code of Conduct and our endorsement to client social responsibility demands

Kiviks Musteri AB is committed to the provision of accurate and helpful information to our customers.

Kiviks Musteri AB's endorses to the principles set by International conventions such as UN Declaration of Human Rights, UN Global Compact, ILO Conventions and OECD Guidelines for Multinational Enterprises. We continuously work with quality assurance and improvement of our suppliers as well as our own production. Our suppliers, as well as their products handled, are evaluated and risk assessed. We actively act for cooperate social responsibility in the supply chain by ensuring compliance with Kiviks Musteri AB Code of Conduct. Internally, we work according to legal demands, both according to Swedish and European law, have a systematic workers safety approach and defined core values for a good internal culture. We have also a structured sustainability work (certified according to ISO14001).

Our code is in general covering the same principles as amfori BSCI and other general Codes based on the principles named above, but, in order to be honest and transparent, we do inform you that it's the Kiviks Musteri AB version that is endorsed and submitted to in our production/supply chain.

While it isn't Kiviks Musteri AB's policy to sign other companies Codes of Conduct, we trust that the information attached will addresses your request.
